

18 November 1963

Lieutenant General Joseph F. Carroll  
Director, Defense Intelligence Agency  
Washington 25, D. C.

Dear Joe:

Mr. McCone gave me the task of looking into the subject of your letter of 14 November to him in connection with possible security leaks.

I have had an initial investigation made by my Director of Security, Mr. Bob Bannerman, who is Mr. [redacted] superior. I have read the results of this investigation and want them to be made known to you before I take any further action within the Agency. I would appreciate an indication from you as to what, if any, further action you might feel advisable both within the DIA and in my own shop. Accordingly, I have asked Mr. Bannerman to arrange an appointment with you and hope you will have an opportunity to discuss this matter with him during the next few days.

Faithfully yours,
